

Fundraising event

Through the project, our association benefited from an organizational development component by organizing a fundraiser for the organization's programs. The fundraising took place through two actions: an online fundraising and an event that took place on February 28th, 2023, during which we presented the activity of the association and invited the young people involved in the project (students from special and mainstream schools) to a joint workshop where they made objects to celebrate March 1st: cards, charms, bracelets, etc. Those present at the event who thought they want to support the association's activity were invited to support it through donations. The activity took place within the project **"Our voice counts!"**, project implemented by the Association Assistance and Programs for Sustainable Development - Agenda 21 in partnership with the National Association of Librarians and Public Libraries from Romania, Startlight Petra Association and Norsensus Mediaforum Norway, with the financial support of the Active Citizens Fund Romania, programme funded by Iceland, Liechtenstein and Norway through EEA Grants 2014-2021. The aim of the project was to change the mentality and attitude of the citizens of Bucharest, Buzău and Râmnicu Sărat through advocacy activities that promote human and children rights, designed to combat stereotypes, prejudices and practices of exclusion and marginalization that affect children and young people with hearing and vision impairments, and their families.
